Log Out - .user [onclick*="logout"]

The screenshot shows the ESPN website's main page with a user logged in. The browser's developer tool is open, displaying the HTML structure and CSS styles for the user profile area. The HTML structure shows a user profile with a name, a 'Log Out' button, and a 'Favorites' section. The CSS styles are defined in a file named 'shell-desktop.css' and include rules for the user profile container and the 'Log Out' button.
